प्रचलित जीवन शैली के साथ-साथ गुणवत्तापूर्ण विद्युत उत्पाद

“कलर्स” में, गुणवत्ता पर हमारा बेजोड़ नियंत्रण, निष्पादन में सूक्ष्मता और विविध श्रेणी ने हमें उद्योग जगत में सबसे आगे स्थापित करने में मदद की है, जिसका हमें गर्व है। “कलर्स” एक तेजी से बढ़ने वाली इलेक्ट्रीकल गूड्स बनाने वाली कंपनी (FMEG) है जो अंतर्राष्ट्रीय गुणवत्ता वाले उत्पादों का उत्पादन करती है - जिनकी कल्पना, रचना एवं निर्मितता समस्त विश्व के लिए भारत में ही की गई है।

यह बात १९७० की है जब “कलर्स” ने एक छोटी सी व्यापारिक कंपनी को स्थापित किया, जो कि इलेक्ट्रीकल वायरिंग एक्सेसरीज़ में व्यापार करती थी। अपनी कार्यप्रणाली के दौरान इस समूह ने धीरे-धीरे विभिन्न क्षेत्रों के लिए इलेक्ट्रीकल स्विच और एक्सेसरीज़ का उत्पादन कर, एक अग्रणी उत्पादक के रूप में अपनी पहचान बनाई है। आज, “कलर्स” ने हर बाजार खंड के लिए सभी प्रकार के स्विच, सॉकेट, एक्सेसरीज़, स्वीचगेअर, डिस्ट्रीब्यूशन बोर्ड्स, एलईडी लाईटींग, वायर एवं केबल, घर स्वचालन उत्पाद, प्लग टॉप, , लैम्प होल्डर, डोर बेल, एक्सटेंशन कॉर्ड्स, स्पाईकगार्ड्स, माउंटिंग बॉक्स और मोशन सेंसर के उत्पादन से उद्योग जगत में अपना एक स्थान बनाया है।

५ अत्याधुनिक विनिर्माण इकाईयाँ, १३ डिपो, ५००० से अधिक चैनल पार्टनर्स, १५०० से ज्यादा कर्मचारीयों और ५००० से ज्यादा उत्पादों के साथ “कलर्स” पूरे भारत में मौजूद है एवं समस्त उपभोक्ताओं को विश्वस्तरीय उत्पाद प्रदान कर रहा है।

गुणवत्ता, परिष्कार और शैली का अनुसरण हमें उद्योग के शीर्ष की ओर ले जाता है। हमारे उत्पादों की विस्तृत श्रृंखला कुछ ऐसा प्रदान करती है जो जीवन की हर शैली के अनुरूप हो। हमारी नई खोज, अग्रणी दृष्टिकोण और प्रवीणता के द्वारा हमने विश्व स्तरीय गुणवत्ता वाले ऐसे उत्पाद बनाए हैं, जो भव्य जीवनशैली और विशेष श्रेणी को दर्शाती हैं। हमारे प्रयासों का नतीजा वास्तव में पुरस्कृत हुआ है जैसे – भारत डिजाइन मार्क से दो बार सम्मानित होना।

कलर्स में हम विश्वस्तरीय इलेक्ट्रीकल उत्पादों के माध्यम से प्रचलित जीवन को बढ़ाने के लिए समर्पित है और गुणवत्ता के प्रति हमारी अदृष्ट प्रतिबद्धता हमें बाजार से अलग बनाती है।

Elevating Stylish Living with Quality Electrical Products

At Kolors, we take immense pride in our unwavering focus on top-notch quality, finesse in execution, and a diverse range of products that place us at the forefront of the industry. As a Fast Moving Electrical Goods (FMEG) Company, we are dedicated to delivering international standard products that are conceived, designed, and manufactured right here in India for the world.

Since our inception in 1970 as a small trading company specializing in electrical products and accessories, we have grown to become a leading manufacturer of electrical switches and fixtures for various sectors. Today, our product range includes switches, sockets, accessories, switchgears, distribution boards, LED lighting products, wires & cables, home automation products, plug tops, lamp holders, doorbells, extension cords, spikeguards, mounting boxes and motion sensors for every imaginable market segment.

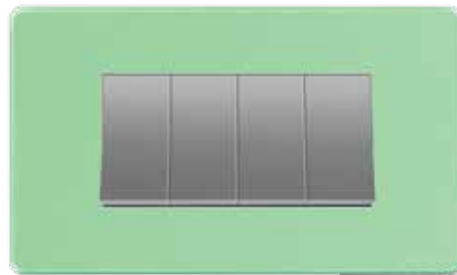

With 5 state-of-the-art manufacturing plants, 13 Depots, 5000 plus Channel Partners, and a workforce of over 1500, we have achieved a wide-ranging presence across India, making our top-quality products accessible to a vast audience.

Our unwavering pursuit of quality, sophistication, and style drives us on our journey to the forefront of the industry. Offering a wide array of products, we cater to every style of living. Through innovation and expertise, we provide world-class quality products that radiate grandeur and class. Our commitment to excellence has been recognized with the prestigious India Design Mark, twice.

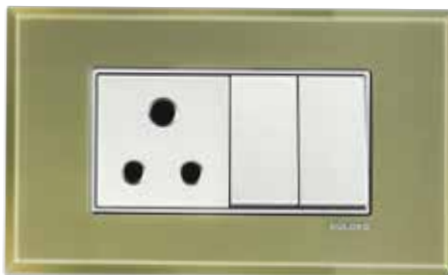

At Kolors, we are devoted to enhancing stylish living through superior electrical goods, and our unwavering commitment to quality sets us apart in the market.

Strong, Sturdy, Stylish.

At Kolors, we believe that performance ought to be more appealing than appearance. Perhaps this explains why the Kredo series cover plates have a real metal plate encased in two layers of engineering plastic. In exchange, the sturdy and convenient metal mounting plates provide ease of installation. And ultimately, the convenience and safety to you.

- **Face Plate**
A fusion of material like aluminium, glass, wood, engineering plastic in different finishes mounted on base plate moulded out of engineering plastic for support.

- **Engineering Plastic**
While the insulating plastic offers insulation and uniformity, the innovative spring action in its internal locking systems enable easy loading and unloading of the inserts in the plate.

- **Metal Frame**
The GI framework provides the necessary strength, preventing bends and lending support to inserts against pressures caused during the application.

- **Engineering Plastic**
The insulating plastic provides insulation and uniformity.

Introducing

EXPERT

— 32A DP Switch —

Heavy-duty switches, built to withstand heavy loads.

With the right balance of classy looks and optimum functionality, these designs are all that you need to impress with your fine taste and ensure zen because of silver plated current-carrying component for excellent conductivity. Silver plated brass with high copper content terminals to reduce heat and to withstand heavy loads. Knob designed for precise contact and adequate pressure.

An innovation
bound to impress.

Klässic
Regulator

Klässic
Mini
Regulator

With one of the most slender regulators to embellish your interiors, experience technical supremacy. Offering flawless functionality without compromising on quality, this design is a perfect fusion of innovation and beauty. Additionally, these come in the colours of pure elegance - White, Matt Black, Graphite Grey and Charcoal Black.

*All regulators are available in chrome and without chrome finish.

• Stylish design • Easy to hold knob • Soft operation • Wide voltage band

Effortless Control and Enhanced Comfort.

Simplify Your Life with KULT Home Automation.

Experience the convenience of managing essential elements of your home environment with KULT Home Automation, with a simple tap on your wireless device. Transform your living space into a smart and efficient environment, effortlessly managing fans, blinds/curtains, and switches with KULT Home Automation. These switches can be controlled from anywhere in the world and have bi-directional indication, preventing wastage of resources and potential fire hazards.

Smart Scheduling for a Seamless Lifestyle.

*Set the Perfect Timings
with KULT Home Automation.*

With KULT Home Automation, effortlessly schedule the operation of your devices according to your lifestyle. Set timers and create schedules to automate fan speed, control blinds/curtains, and manage switches. Whether waking up to a gently lit room or automatically closing blinds at sunset, KULT Home Automation ensures your home functions perfectly, even when you're not around.

Seamless Control with Alexa Integration.

Operate Your KULT Devices with Ease.

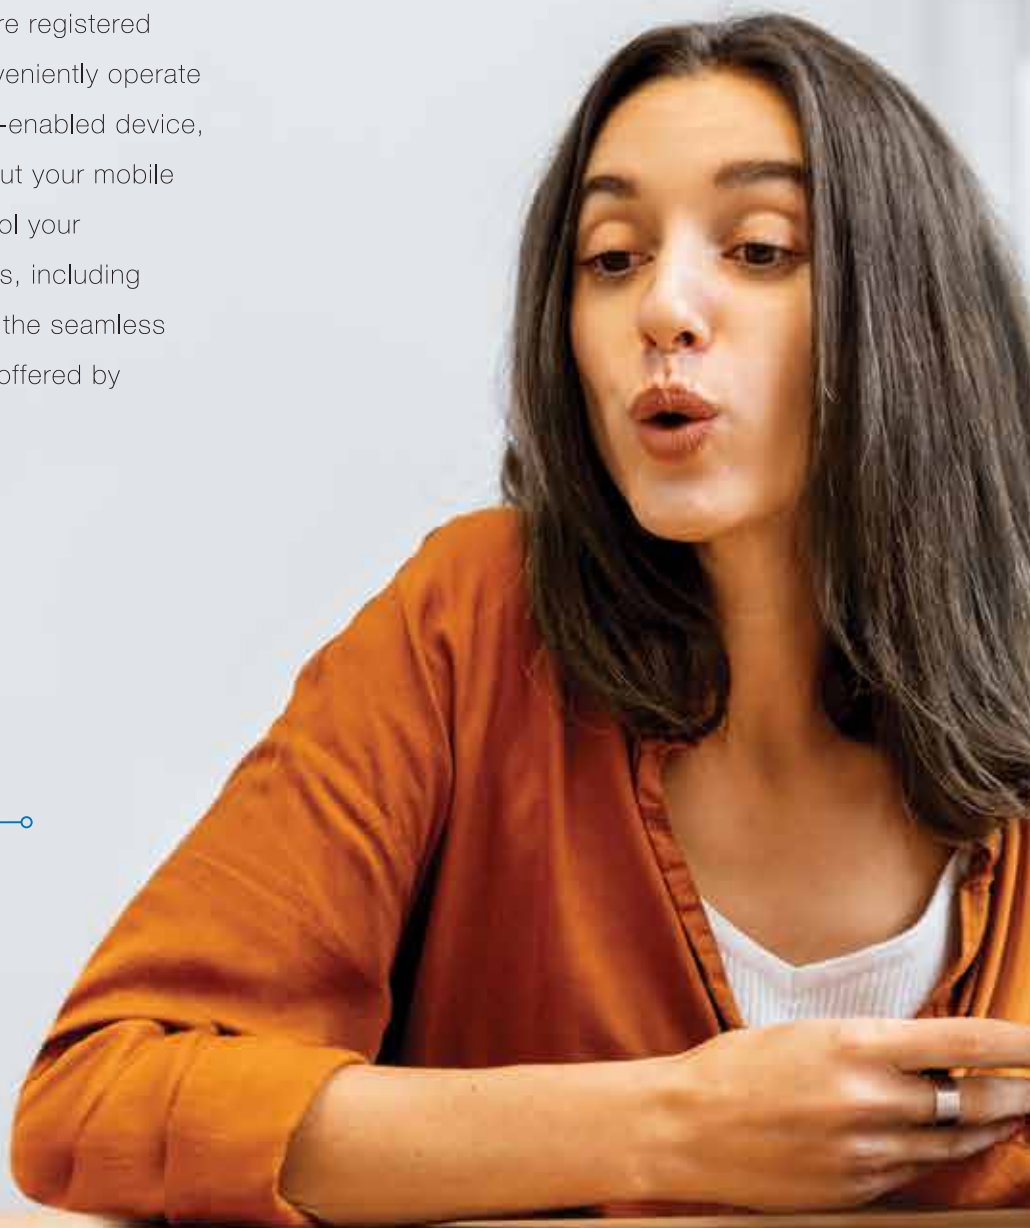

Once the Alexa and KULT devices are registered on your Wi-Fi network, you can conveniently operate your KULT devices through an Alexa-enabled device, such as the Echo series, even without your mobile device. With Alexa integration, control your KULT devices using voice commands, including Hindi*, for more convenience. Enjoy the seamless integration and empowering control offered by Alexa and KULT Home Automation.

**KULT

Disclaimer

- The print process does not allow for exact reproduction of the material, colour, print and finishes of the products. Actual products may vary from the product shown in this catalogue.
- The Company undertakes to replace or repair products at its discretion should it become defective solely as a result of faulty materials or workmanship within 2 (Two) years for Kult devices. The warranty will be invalid if the product has not been installed or maintained in accordance with the Company's instruction or any attempts has been made to rectify, dismantle or alter the product or if the original mounting boxes of the Company has not been used in conjunction with the Kult devices. The warranty does not extend to cover consequential loss or damage or installation costs arising from the defective product.
- Company will not be liable for damages arising due to incorrect installation.
- Any attempt made to rectify, dismantle or alter the product may lead to electrical shock or may destroy the product for which the Company is not responsible. The Company is also not responsible for any consequential loss or damage or installation costs arising out of the same.
- Any unauthorized opening or repair completely cancels all liabilities and rights to replacement and warranty.
- Limitation of liability: Company shall not be liable for any special, indirect, incidental or consequential damages what so ever including but not limited to loss of profit, revenue or data (whether or indirect or commercial loss for breach of any express or implied warranty on your product even if the Company has been advised of the possibility of such damages.
- The Company reserves the right to modify or change the product design and specification in the future without prior intimation. Similarly, colours and finishes are also liable to change without any prior intimation.

Embrace a Greener World

Sustainability and Conservation with Kult Home Automation

Discover the magic of a greener world with Kult Home Automation, where we prioritize sustainability and conservation of natural resources. Our smart automation technology not only offers convenience but also empowers you to make a positive impact on the environment.

- **Save Precious Energy:** Don't worry if you forget to switch off power equipment like AC and geysers after use. With Kult Home Automation, you can easily check and turn them off from anywhere, conserving precious energy and reducing your carbon footprint.
- **Optimize Energy Consumption:** Make the most of time scheduling to optimize energy consumption for devices like AC. Set it to turn on and off at desired times, ensuring a comfortable living space and efficient energy use.
- **Save Water and Electricity:** Say goodbye to wastage! Use the schedule feature to switch on/off low wattage water pumps, preventing unnecessary wastage of water and electricity. It's a small step towards conserving resources and protecting our planet.
- **Intelligent Lighting Control:** Let technology take care of your lighting needs. Automatically switch off lights during the day in well-lit areas to avoid energy wastage.

Join us in our mission to preserve our planet and embrace a greener lifestyle with Kult Home Automation. Together, we can create a sustainable future for generations to come. Let's make a difference, one smart choice at a time.

FAQs for Kult Home Automation

Question : Which devices are controlled by KULT smart home devices?

Answer : Lights, fans, motorized blinds/curtains are controlled by Kult smart home devices.

Question : What should I do if the KULT application is not working?

Answer : First, try refreshing the app. If it still doesn't respond or work, try restarting the app.

Question : What should I do if the switch is not working through the application?

Answer : Check if the credentials of your home Wi-Fi router are correct on the KULT application & ensure that the network strength is good.

Question : Can the KULT device work without internet?

Answer : If the internet goes down or is not available, the devices still work manually through touch.

Question : Is only Wi-Fi signal required or Wi-Fi signal with internet required for the application?

Answer : The app can work with Wi-Fi signals to command the modules even without internet, but with limited functionality. However, memory-based functions like time scheduling and group operations will require Wi-Fi with internet.

Question : Can I operate KULT devices from anywhere through the application?

Answer : Yes, you can operate the devices from anywhere in the world as long as there is Internet available where KULT devices are installed and the place from where you are operating it.

Question : How many users can use the application with one login credential?

Answer : Any number of people can use the application with one login credential.

Question : How can I share device control with my family?

Answer : Download the KULT app on your family members' phones and share the login credentials.

Question : Can room names or icons be changed or edited?

Answer : Yes, you can change and edit room names & icons on your own.

Question : Why am I not able to control the Kult device properly through the application?

Answer : Keep the app open for a few seconds and observe if the device is still Offline or Online in the application. It might be due to a bad Wi-Fi network.

Question : What should I do if someone changes the Wi-Fi credentials of the home router?

Answer : If the Wi-Fi credentials of the home router are changed, you need to update the Wi-Fi settings of each module one by one, as done during the initial installation.

Question : What should I do if the KULT device becomes non-functional?

Answer : If it's a hardware failure, you can replace the KULT device with Kolors mechanical switches.

Question : Do KULT devices work on voice commands?

Answer : Yes, KULT devices work on voice commands on third party application like Alexa virtual assistant.

Question : Is a hub required for KULT devices?

Answer : No, a hub is not required for KULT devices.

Question : Do Kult devices require any special or separate wiring?

Answer : No, Kult devices do not require any special or separate wiring ,they are electrically connected through conventional wiring.

Question : What is the difference between two switch master and two switch/four switch slave?

Answer : Two switch master is a device which can work independently as a two switch module whereas two switch/four switch slave cannot work independently, required to be connected to two switch master. Two switch master has Wi-Fi module and power supply whereas two switch/four switch slave does not have.

Question : Does fan regulator, blind/curtain control, 20A switch, Four switch require connection to two switch master?

Answer : No, they can work independently.

- Ensure that the switches and other module doesn't exceed the prescribed load
- Hire a licensed trained electrician for the installation

- Never install on live wires (mains should be switched off during installation)
- Never use wire size that isn't prescribed in the connection ratings
- Never ever open the modules
